DFT FREE RESOURCES

87 DFT lessons covering beginner to advanced topics.
Website :- https://www.vlsimentor.com/dft

Testability, controllability, observability, fault models.
Youtube :- https://www.youtube.com/results?search_query=VLSI+Mentor+DFT+tutorials

Detailed DFT video curriculum
Website :- https://elearn.maven-silicon.com/course/DesignforTestability-140/
Youtube :-
https://www.youtube.com/results?search_query=Maven+Silicon+Design+for+Testability+DFT

DFT fundamentals
Website:- https://cc.ee.ntu.edu.tw/~cmli/VLSItesting/
Youtube :- https://youtu.be/nX0XCD0ggHs
Bonus 😁:- https://github.com/NTU-LaDS-II/FAN_ATPG

DFT guide
Website:- https://www.coursetron.com/dft
Youtube :- https://www.youtube.com/results?search_query=CourseTron+DFT+VLSI

Resource for understanding scan design.
Website:- https://ocw.tudelft.nl/course-lectures/module-11/
Youtube :- https://www.youtube.com/results?search_query=TU+Delft+Digital+DFT+Scan+Design

Open-source DFT flow
Website :- https://fault.readthedocs.io/en/latest/index.html
Git hub :- https://github.com/lowRISC/fault
Youtube :-
https://www.youtube.com/results?search_query=Fault+open+source+DFT+ATPG+scan+stitching

NPTEL – Basic Concepts of DFT
Website :- https://www.classcentral.com/course/youtube-basic-concepts-of-dft-437254
Youtube :-
https://www.youtube.com/results?search_query=NPTEL+Basic+Concepts+of+DFT+IIT+Madras

Somemore
